## Summary of reasons for revocation — PETER F DRUCKER CANADIAN FOUNDATION

The Organization failed to devote its resources to charitable activities and gifted to non-qualified donees. The Organization entered into a number of agreements and transactions with other organizations including other registered charities in order to facilitate the funding of non-qualified donees. It is our view that the Organization operated as a conduit for the benefit of non-qualified donees. The Organization failed to maintain adequate books and records by failing to maintain duplicate copies of all donation receipts and issuing receipts not in accordance with the Income Tax Act.
