

CHARITABLE IMPACT

# CHIMP: Charitable Impact Foundation (Canada) **Annual Report**

**Fiscal Year 2019**

August 1, 2018 to July 31, 2019

At CHIMP: Charitable Impact Foundation (Canada), we've had another year of progress. We've helped our donors spread their incredible generosity to more than 3,600 different charities this year alone, and they've made more donations than ever before, with a 13% increase over our last fiscal year. We've welcomed thousands of new donors who want to create a positive impact, including families, individuals, and companies. It's an incredible feeling to see the generosity that flows from Canadians on a daily basis.

The Board and the team at Charitable Impact are proud that our work has been recognized by a number of organizations this year. The Digital Finance Institute ranked Charitable Impact as one of Canada's Top 50 FinTech Companies, the Canadian Advanced Technology Alliance awarded our founder and CEO, John Bromley, the "CEO Community Leadership Award," and the Great Place to Work Institute certified Charitable Impact as one of the Best Places to Work in British Columbia and Canada.

These accomplishments are a testament to the hard work and enthusiasm of our talented team, our experienced board members, and all of our advisors. We are grateful for everyone who contributes.

However, at the end of the day, we are most thankful to our donors and their engagement with giving. We believe giving should be an intentional and joyful experience for everyone — no matter which charities they support, how much they give, or how experienced they are with giving.

We're motivated to continue enhancing our platform and processes to make giving a bigger part of daily life for all. We look forward to another year of helping donors imagine a brighter future. And, we're honoured to be part of building that brighter future with them.

Sincerely,

**Josh Vander Vies, Secretary**
