Independent Auditor's Report

To the Board of
CHIMP Foundation

We have audited the accompanying financial statements of CHIMP Foundation which comprise the Statement of Financial Position as at July 31, 2011 and the Statements of Operations and Changes in Net Assets and Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of CHIMP Foundation as at July 31, 2011 and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

1. Nature of Operations

The CHIMP Foundation (the Foundation) was incorporated under the Canada Corporations Act on August 6, 2008 and commenced operations on August 1, 2010. The Foundation is an independent, not-for-profit charitable corporation registered as a public foundation with the Canada Revenue Agency. The Foundation is a web-based donor advised fund through which an individual, company or group can set up their own online charitable giving account. At any time, account holders can send the money in their accounts to any qualified donee (including all registered charities, registered Canadian amateur athletic associations, municipalities, etc.). Account holders can also send money to another person or to a giving group on CHIMP's web-based platform for them to give away charitably. Disbursements to qualified donees made by CHIMP account holders are reviewed, approved and distributed by the Foundation at least once a month.

2. Summary of Significant Accounting Policies

The Foundation follows Canadian generally accepted accounting principles appropriate for not-for-profit organizations. In preparing the financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and reported amounts of revenue and expenses during the reporting period. Actual results could differ from these estimates. The following is a summary of significant accounting policies followed by the Foundations.

(a) Cash and Cash Equivalents

Cash and cash equivalents include money market mutual funds that are easily converted into cash.

(b) Investments

Investments are recorded at fair values determined on the last business day of the fiscal period.

(c) Revenue Recognition

The Foundation follows the deferral method of accounting for contributions, which primarily includes donations.

(d) Donated Securities

Donated securities are classified as held for trading. They are measured at fair value at the statement of financial position date. Changes in fair value for the year are reflected in the statement of operations and changes in net assets.

The Foundation is subject to equity and debt risks pending the sale of donated securities.

CHIMP Foundation
Notes to the Financial Statements

For the year ended July 31, 2011

2. Summary of Significant Accounting Policies - Continued

(e) Financial Instruments

Financial assets are classified as held for trading for cash and cash equivalents and as loans and receivables for Accounts Receivable. They are measured at fair value at the statement of financial position date. Financial liabilities are classified as other liabilities.

Any gain or loss arising from a change in fair value of financial asset classified as held for trading is reported on the statement of operations in the period in which it arises.

3. Cash and Cash Equivalents

	<u>2011</u>	<u>2010</u>
Operating cash	\$ 109,509	\$ -
CHIMP funds (donor advised funds)	571,860	-
	<u>\$ 681,369</u>	<u>\$ -</u>

Investment Policy

In accordance with the Foundation's mission to support and increase charitable giving in Canada, the Board of Directors has an investment policy in place. In summary, it endeavours to protect capital of the donor advised funds entrusted to the Foundation and to achieving maximum returns consistent with prudent investment management on the operating cash in order to recover the cost of managing and administrating the funds.

4. Financial Risk Management

The Foundation relies on the Board of Directors to manage the risks that arise from its use of financial instruments, including liquidity, credit and market risk. Management regularly reviews the Foundation's investments to ensure all activities adhere to the investment policy.

(a) Liquidity Risk

Liquidity risk is the risk that the Foundation cannot meet a demand for cash or fund its obligations as they come due. A key liquidity requirement for the Foundation is donation commitments. Liquidity risk is managed by depositing the majority of the Foundation's assets in the █████ business chequing account which can be easily liquidated. The Foundation aims to retain sufficient cash position to maintain liquidity. The Foundation's investments are considered readily realizable and liquid, therefore the Foundation's liquidity risk is considered minimal.

CHIMP Foundation
Notes to the Financial Statements

For the year ended July 31, 2011

4 Financial Risk Management - Continued

(b) Credit Risk

Credit risk is the potential for financial loss should a counterparty in a transaction fail to meet its obligations. The foundation's cash and cash equivalents and accounts receivable are subject to credit risk. The maximum exposure to credit risk on these financial instruments is their carrying value.

The Foundation limits its exposure to credit loss by maintaining its cash and cash equivalents with high quality institutions in Canada. The Foundation minimizes its credit risk associated with its accounts receivable by routinely reviewing the status of individual accounts receivable balances and following up on overdue amounts. The Foundation monitors its credit risk management policies regularly to evaluate their effectiveness.

(c) Market Risk

Market risk is the potential for financial loss to the Foundation from changes in the values of its financial instruments due to changes in interest rates or equity prices. The investments of the Foundation are subject to normal market fluctuation and to the risk inherent in investment in capital markets.

(d) Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will affect future cash flows or fair values of financial investments. Interest rate risk arises when the Foundation invests in interest bearing financial instruments. The objective of the Foundation's investment policy is to control interest rate risk by managing its interest rate exposure.

(e) Equity Price Risk

Equity price risk is the risk that the value of financial instruments will fluctuate due to changes in market prices. The Foundation is exposed to equity price risk through its holdings in the [REDACTED] portfolio. The objective of the Foundation's investment policy is to control equity price risk by generally not holding equity instruments and disposing of securities immediately upon receiving them.

5. Capital

The Foundation's main objective when managing capital is to safeguard and preserve capital and generate maximum return consistent with prudent investment. The Foundation is not subject to any externally imposed capital requirements.

As at July 31, 2011, CHIMP account holders have \$571,860 of donations, net of credit card processing charges, which they can recommend for disbursement to qualified donees.

CHIMP Foundation
Notes to the Financial Statements

For the year ended July 31, 2011

6. Related Party Transactions

During the year, the Foundation paid the following amounts to related parties:

- (a) Technology services of \$50,522 to [REDACTED] a company in which a director of CHIMP Foundation has an equity interest.
- (b) Fees of \$11,950 were paid to [REDACTED], the President of which is a director of CHIMP Foundation. Of this amount, fees of \$9,292 were paid for charitable registration and compliance reporting and fees of \$2,658 were paid for bookkeeping.

All transactions were measured at their fair value.

7. Comparative Figures

The Foundation did not commence operations until August 1, 2010. Accordingly, the Foundation did not have any assets, liabilities or net revenues in the comparative period.
