Mr. Robinson,

To the best of my knowledge, the only information that remains at the web-site of the David Suzuki Foundation that is specifically about the sea lice research funded and publicized by the David Suzuki Foundation, is as follows.

Is this correct?

- [Salmon Farms and Sea Lice - baseline report on the incidence of sea lice on juvenile salmonids on British Columbia's North Coast](#)
- [Wild salmon mortality caused by fish-farm sea lice](#)
- [Transmission dynamics of parasitic sea lice from farm to wild salmon](#)
- [Fish farm link to sea lice infections on B.C. wild salmon confirmed](#)

Sincerely,

Vivian Krause
