Mr. McMillan,

At the suggestion of Mr. Dennis Hayes, I called your office last week and left a voice message for you in order to inquire about the grant for \$50,000 that the Bullitt Foundation paid to Tides USA/Tides Canada "*For expenses associated with the establishment of a fund to enable Vancouver, BC to realize its vision of becoming the greenest city in the world.*" My question is, how were these funds used? Is Tides Canada establishing a fund, as the Bullitt Foundation suggests, "to enable Vancouver to become the greenest city in the world?" What expenses, apparently for \$50,000, are associated with the establishment of this fund?

For details of the grant from the Bullitt Foundation to which I am referring, please click [here](#).

Its no secret that the vision of making Vancouver 'the greenest city in the world' is the stated goal of Vision Vancouver. As such, I believe its fair to inquire as to whether funds from the Bullitt Foundation have gone towards supporting this program of Vision Vancouver.

As before, I can be reached at 604.618.8110.

Sincerely,
Vivian Krause
