Hello Vivian,

Please find attached the data you requested. The datasets, which are current as of December 31, 2021, have been compiled from [Form T1236, Qualified Donees Worksheet / Amounts provided to other organizations](#), as submitted by registered charities that reported gifts made to other [qualified donees](#) during the fiscal periods you specified. The datasets list the ten largest gifts made by registered charities to other qualified donees, broken down by designation, then by fiscal period. Please note that any blank fields in the datasets indicate that those fields were not completed.

We have also attached spreadsheets that contain relevant indexes of registered charities' category and designation codes as these values are also found in the datasets.

As with all datasets provided by the Canada Revenue Agency (CRA), please note that this data may have been manually entered by the CRA, and it has not necessarily been verified for accuracy or completeness by the CRA's Charities Directorate. Statistics and data are produced or compiled by the CRA for the sole purpose of providing the public with direct access to public information about registered charities in Canada. The CRA is not responsible for the use and manipulation by any persons of this information.

Thank you,

**Subject:** Largest Charitable Gifts in Canadian History

Hello,

I'm writing to ask you to please provide information regarding the largest charitable gifts made by Canadian charitable organizations. I am interested in gifts made by private foundations, public foundations and charitable organizations.

Would it be possible for you to provide a list of the ten largest gifts made in each of the past five years, going back to and including 2017?

In advance, thank you very much.

Sincerely,

Vivian
