RE: Non-Cash Gifts

According to my analysis, CHIMP has reported tax-receipted non-cash gifts for a staggering total of **\$143 million since 2014.**

What is striking is that the total tax-receipted non-cash donations reported by CHIMP is so far in excess of what is reported by other well-established charities. For example, over the same years that CHIMP reported \$143 million in tax-receipted donations, the United Way of Greater Toronto reported less than \$3 million.

How is it possible that CHIMP has been able to raise so much as non-cash donations, including nearly **\$72 million in 2019 alone**?

As always, if I have presented anything here that is factually incorrect or if I have missed any important points, please let me know.

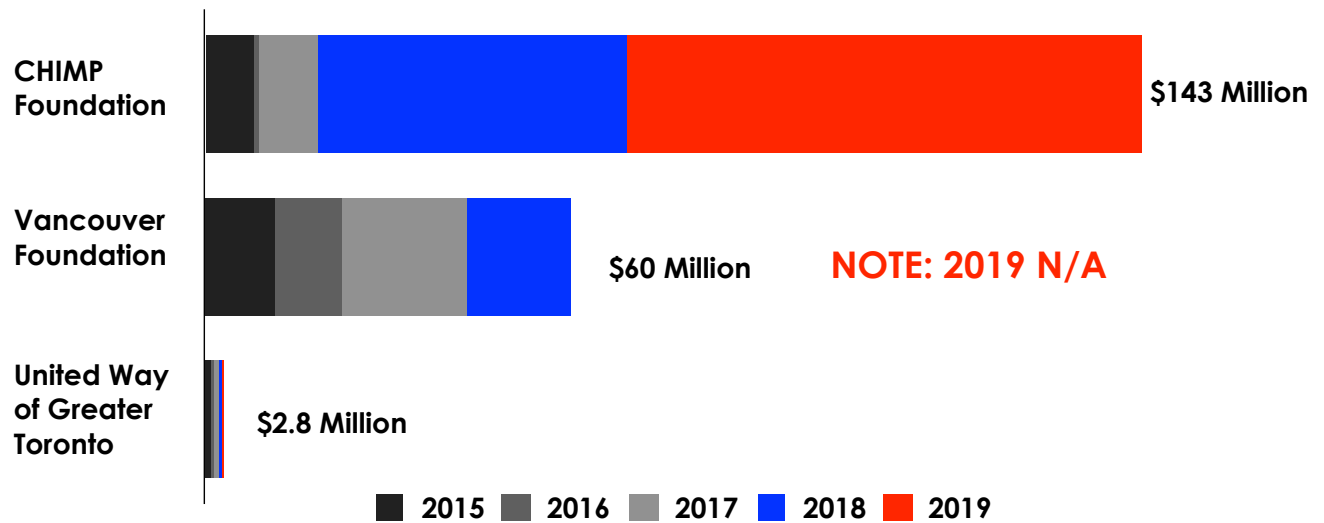

Sincerely,
Vivian
