Dear Sirs,

Re: American Funding

I am writing to you as a concerned member of the public. This is an open letter.

The David Suzuki Foundation is one of Canada's leading environmental organizations. As such, I believe that it is fair to ask questions about your funding sources.

According to my calculations based on your annual reports, between 2000 and 2008, the David Suzuki Foundation has had revenues of \$53,424,396. Of that, \$22,148,430 was from other foundations. How much of your grant funding originated from American sources?

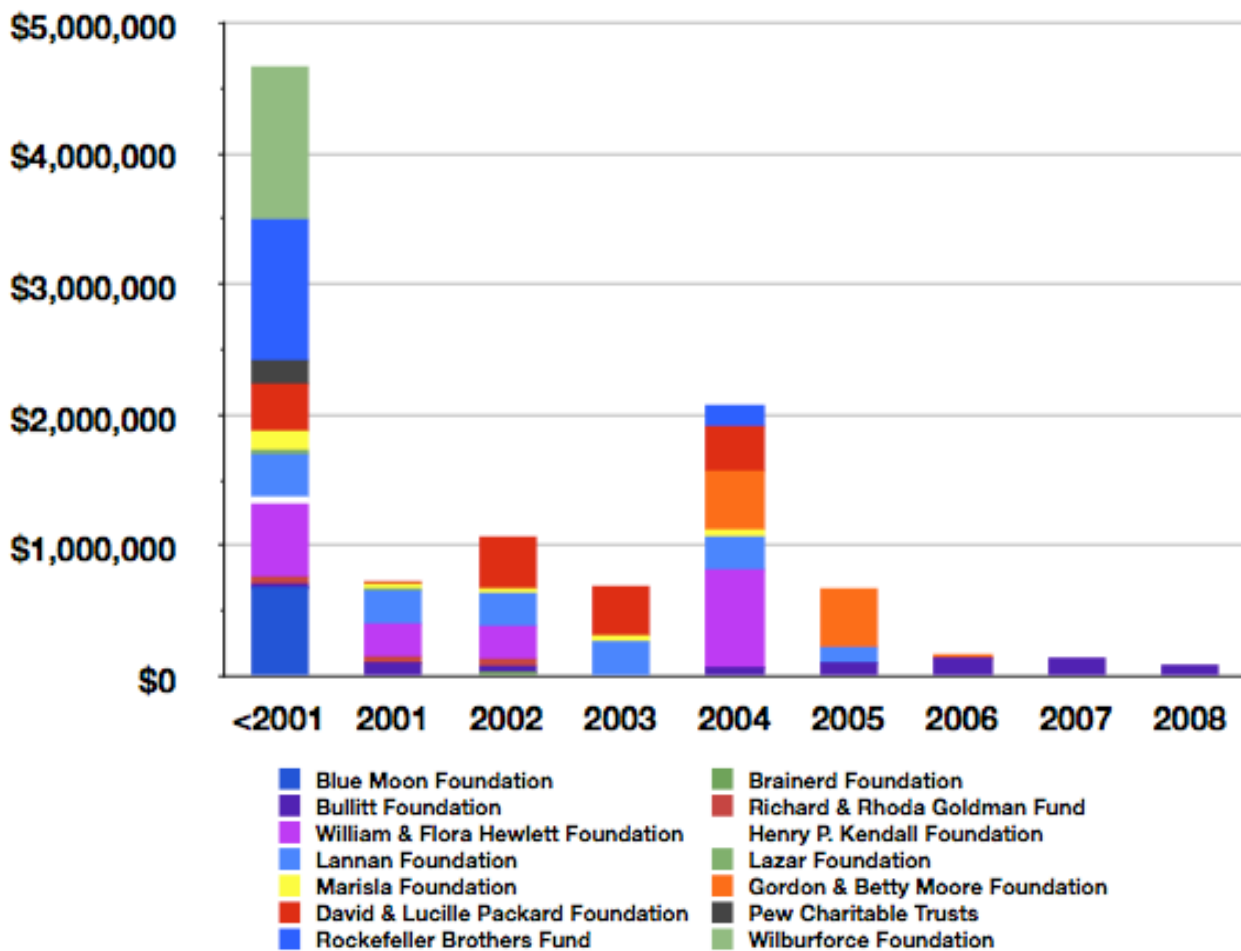

According to U.S. tax returns and information from the U.S. Center for Consumer Freedom (attached), American foundations have granted the David Suzuki Foundation at least \$US 10,246,638.

In total, how much American funding has the David Suzuki Foundation received since it began? How much American funding has the David Suzuki Foundation been granted through the Tides Foundation, Tides Center and Tides Canada Foundation?

Sincerely,

Vivian Krause
