Mr. McMillan,

The attached pages compile the main concerns, opinions and questions that I have been trying to raise with you. As I believe that my questions are a matter of public interest, this is an open letter. I will post this at my blog: www.fair-questions.com.

While most of the questions summarized here are ones that I have been trying to ask for quite some time, some are new.

As you will notice, none of my questions pertain to political activity.

Most of my questions are about expenditures made by Tides Canada and the Endswell Foundation which appears to me to be part and parcel of Tides Canada's operations.

If I have presented anything here that is factually incorrect or if I have missed important points, please let me know. If I do not hear from you by the June 22, 2012, I will assume that you do not dispute the facts that I have presented here.

Sincerely,

Vivian Krause
